

How Much Time Are you Wasting on Siloed Information?

36%
of a typical work day is
spent looking for and
consolidating information

44%
of the time, workers still
can't find the information
they need

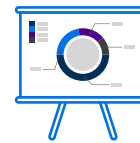

40%
of productive time can
be wasted shifting
between tasks

Creating slide decks to convey information can be very time-consuming.

87%
of the time spent on slide decks is spent on design – not on data

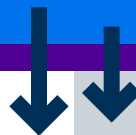

More than **1/3** of employees spend **10%** of their time formatting slide decks

Workers spend an average of **8.6 hrs/wk** preparing for and attending status meetings

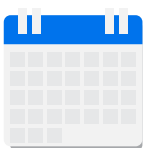

Reclaim Your Work Day with Real-Time Visibility

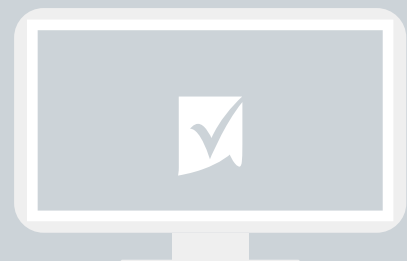

3 hrs/day saved
when you centralize
information where
everyone can find it

3 hrs/day saved
when you stop
shifting between
tasks and work in
context

1 day/wk saved
when you eliminate
the need for status
meetings

Save time and speed up decision
making by providing the right
information to the right stakeholders
at the right time with dashboards.
